

GRILL

Highly effective degreaser

Composition:

PULSAR GRILL contains: < 5% amphoteric surfactants, perfumes.
pH-value: about 14.

Performance:

- self-acting grill cleaner.
- completely and quickly removes grease, encrusted and baked-on residues.
- quick and easy to use with a pressure pump spray.

Area of application

Most suitable for stainless steel convectors, extractor hoods, grills and all frying and baking appliances. Not suitable for materials sensitive to alkalines, e.g. aluminium or nonferrous metal.

Usage:

For grills, spray cold soiled areas with undiluted cleaning agent using a pressure pump spray and allow to work for about 10 minutes. To shorten working time, the appliance may be heated to 70°C. Then wash or rinse thoroughly with water.

Special precautions :

Corrosive. Contains Sodium hydroxide. R35: Causes severe burns. S 1/2: Keep locked up and out of the reach of children. S23: Do not breathe spray. S26: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. S35: This material and its container must be disposed of in a safe way. S36/37/39: Wear suitable protective clothing, gloves and eye/face protection. S45: In case of accident or if you feel unwell, seek medical advice immediately (show this information sheet where possible). S51: Use only in well-ventilated areas.

Ecology:

This product is subject to regulations governing the environmental compatibility of washing and cleaning agents and the associated regulations on the biological degradability of the raw materials used. Comprehensive information about the environmental characteristics of this product are available upon request. Give only completely packaging to special waste disposer. This product is designated for industrial use.
